Route details basics

7-day weather forecast

Receive the latest weather updates from the Hong Kong Observatory before kickstarting the adventure.

Note:

The "Enter area to begin adventure" button will only be active when you are near the area of the trail.

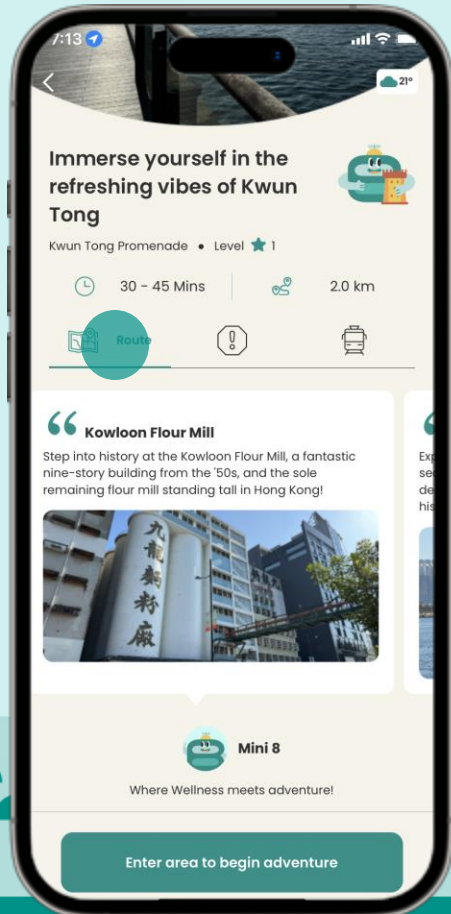

Adventure Hunt

Deep dive into route details

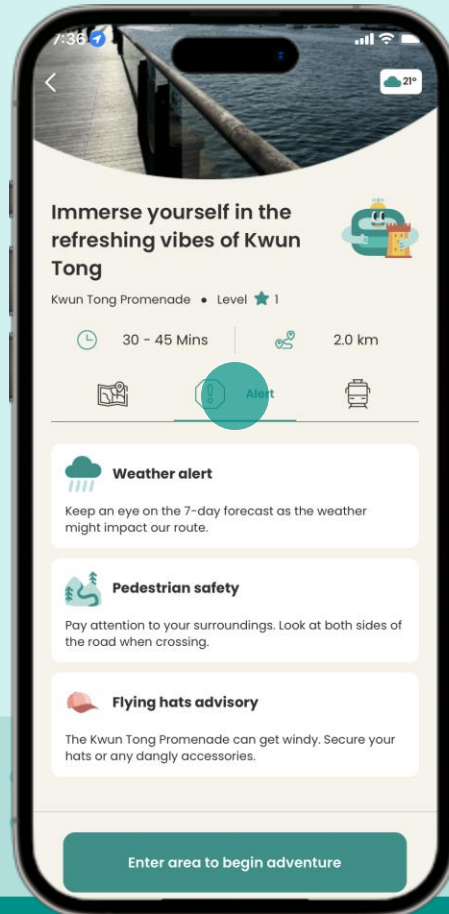

Route

Check route commentary, map & elevation profile.

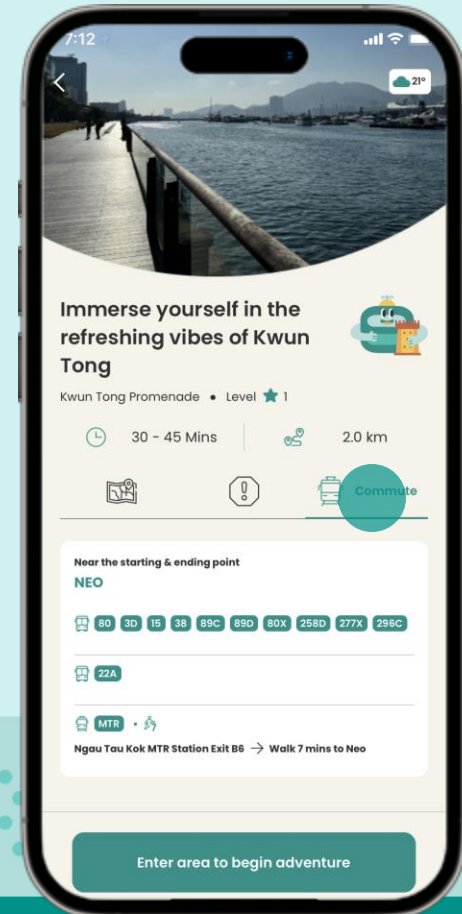

Alert

Receive latest route-specific news and alert.

Commute

Find public transportation easily accessible to you.

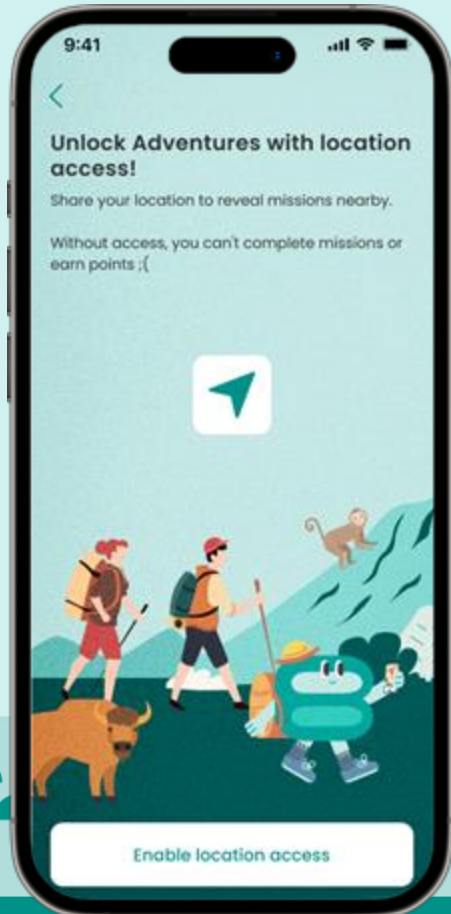

Adventure Hunt

Location access

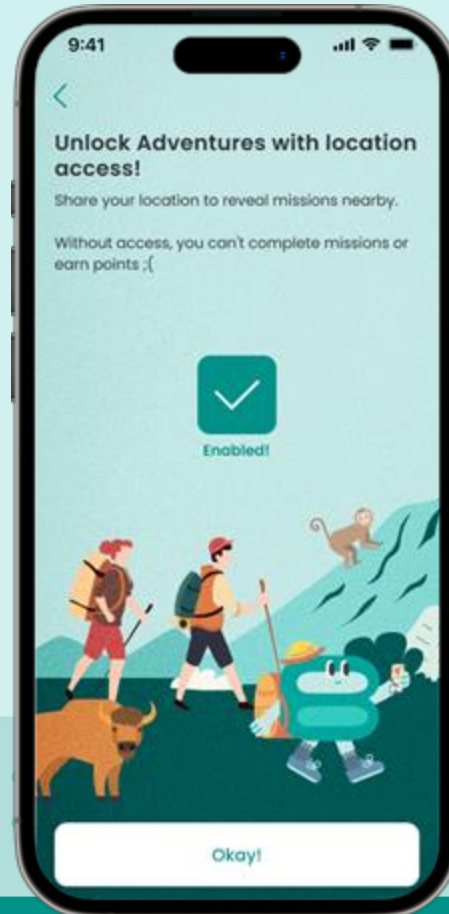

Step 1: Grant location access

Tap **'Enable location access'** to unveil missions during the trail.

Step 2: Access granted

Tap **'Okay!'** to start on your first adventure!

Tap **'Enable location access'** to unveil missions during the route.

Note:

If you have previously disabled the permission, here is what you need to do:

iOS users

Go to Settings > Privacy > Location to enable access.

Android users

Go to Settings to enable access

Adventure Hunt

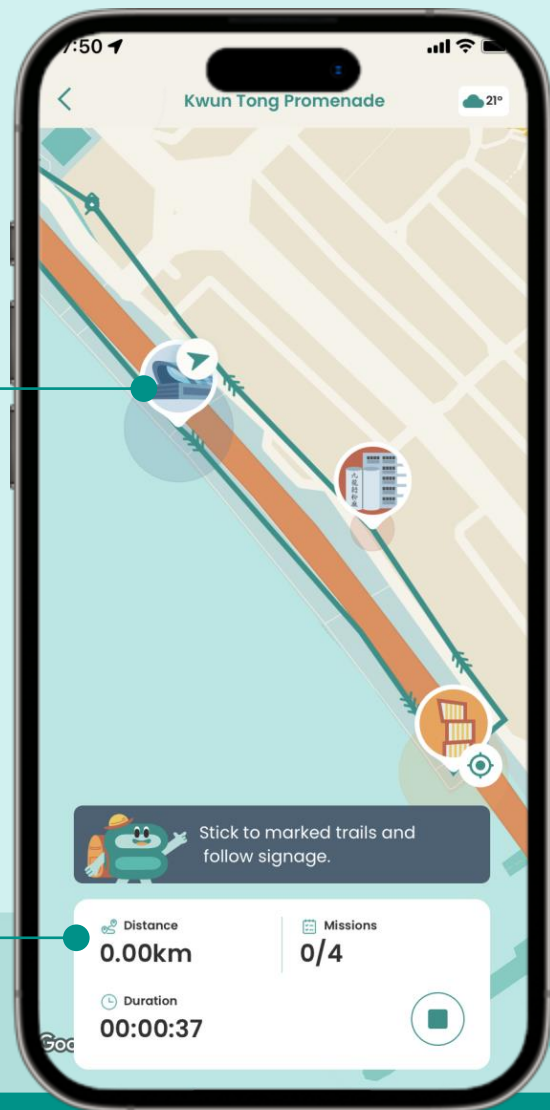

Navigating the route

Missions in the route

Checkpoints are allocated across the different sections of the trail. You must get near the mission area to activate and complete a mission.

Trail on track

Movements and progress of trail will be recorded during the adventure.

Adventure Hunt

Deep dive into route details

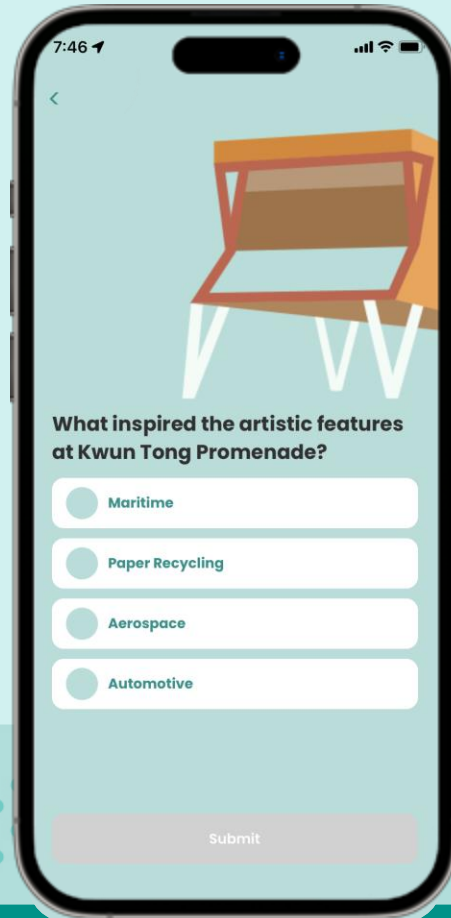

Check-in challenge

Take a self to capture the moment.

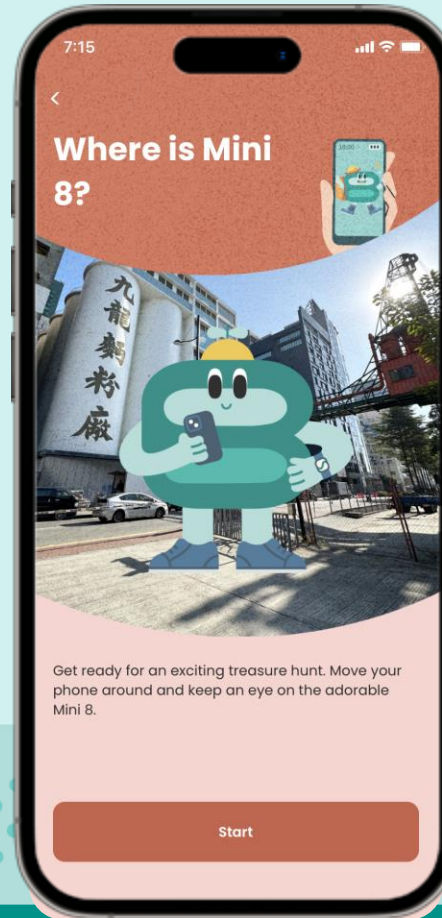

Pop quiz

Answer a question relating to the area.

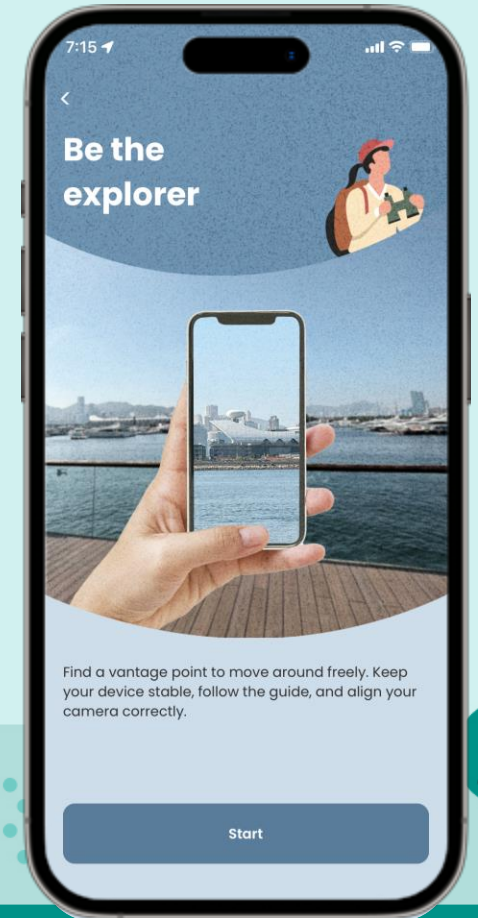

Where is Mini 8?

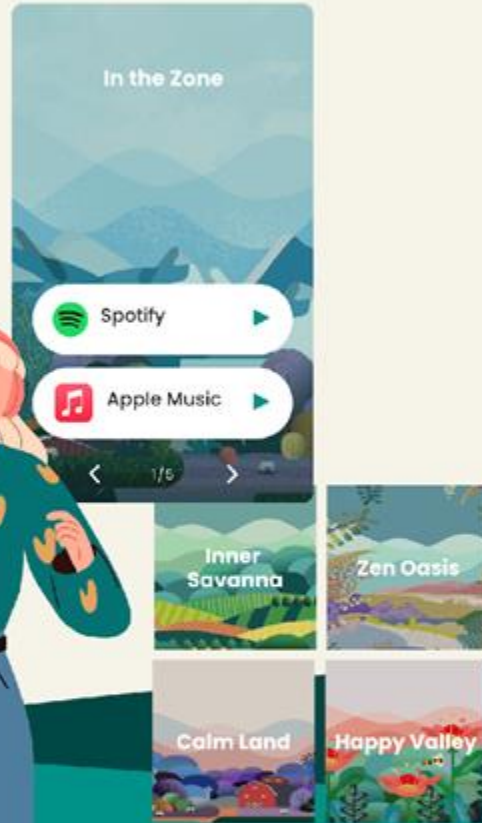

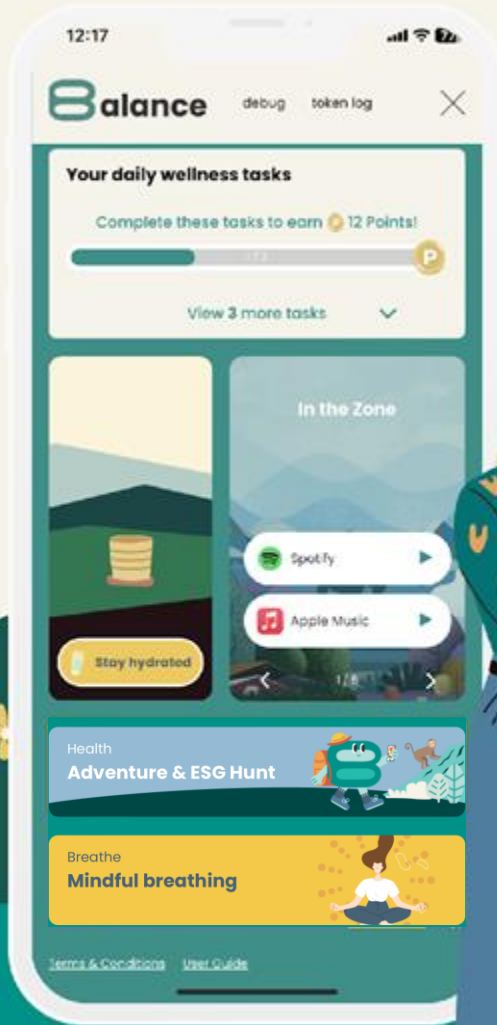

Spot the 8alance mascot Mini 8.

Be the explorer

Spot and unlock a location.

Feel-good playlists

Stay motivated and inspired

Play music based on your mood and current state of mind

Feel-good playlists

Choosing today's playlist

Step 1: Choose your mood

Select your mood to get recommended feel-good playlists.

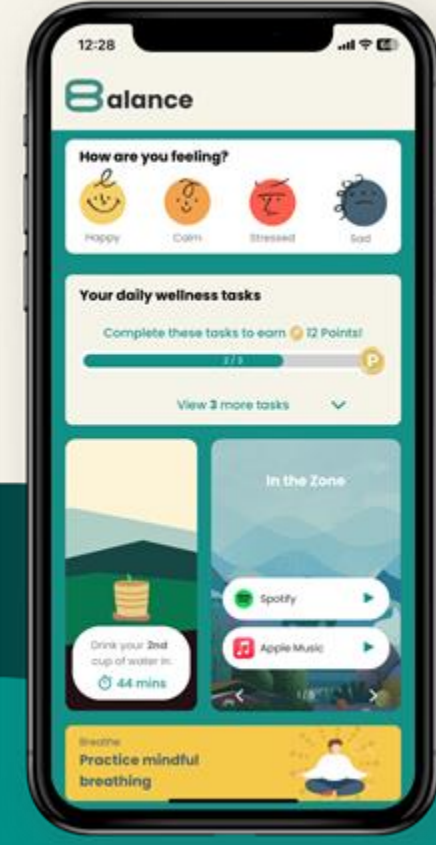

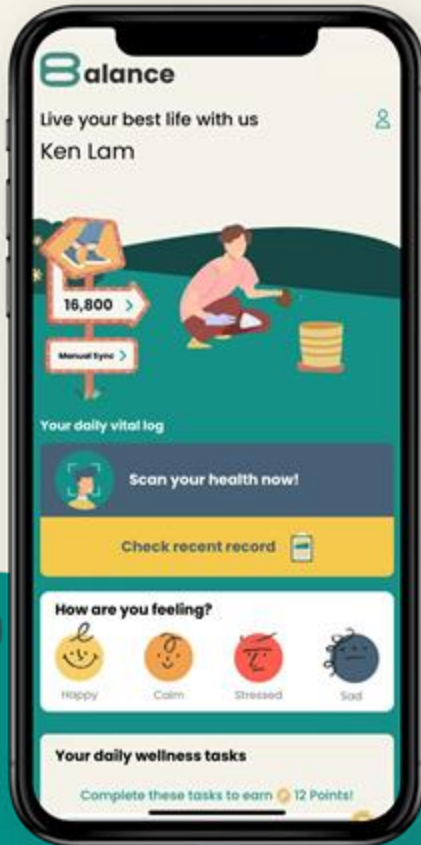

Step 2: Boost your mood

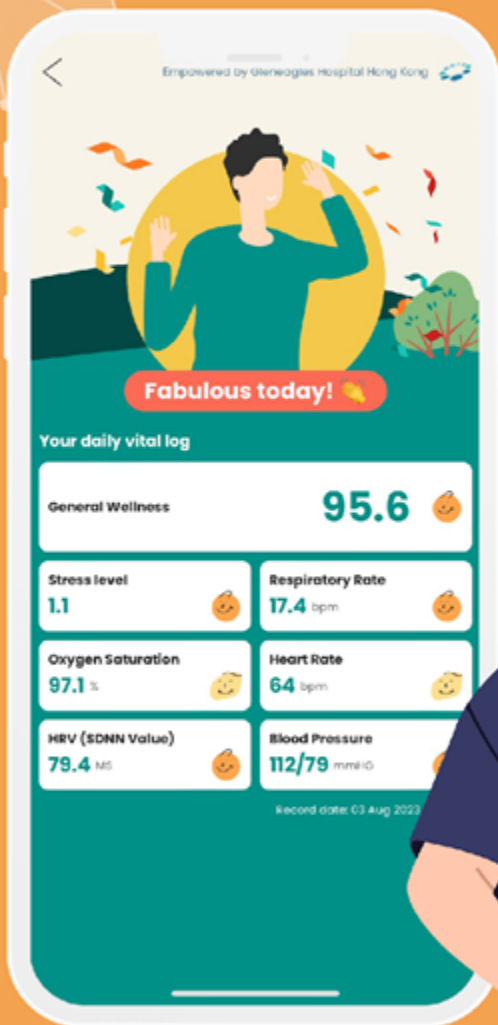

Get playlist suggestions and an uplifting motivational quote!

💡 Check back every other day for more inspiration!

Step 3: Explore more

Scroll down for more curated feel-good playlists!

Note:

Vital scan will not be available to devices not meeting the performance requirements.

Vital scan

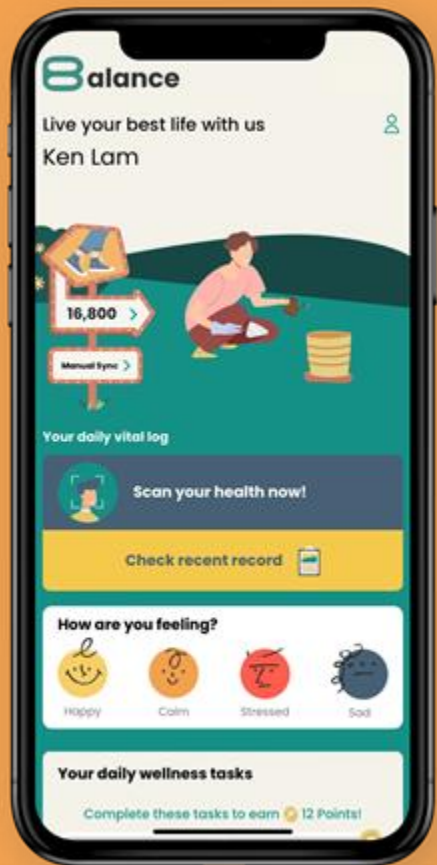

Keep your vitals in check

Monitor your health score every day to improve wellness over time

Taking AI-based health scans

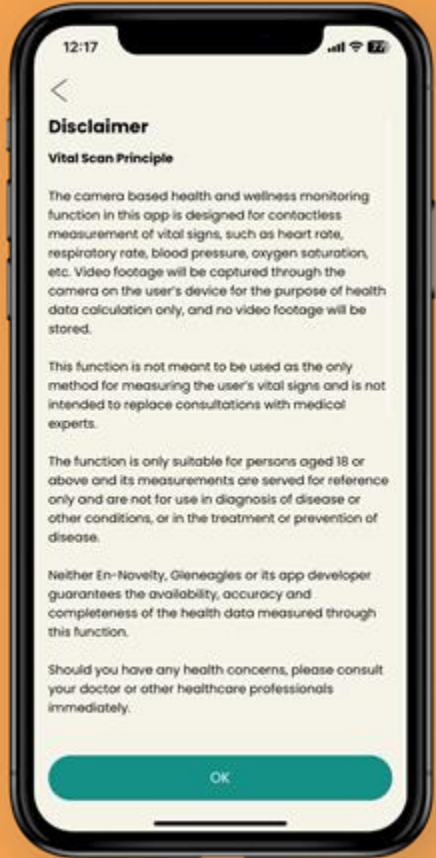

Step 1: Start scan

Click **'Scan your health now!'** to begin.

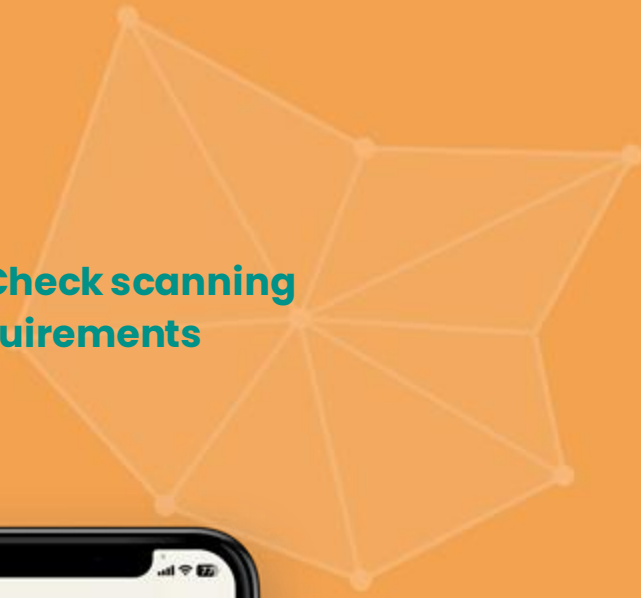

Step 2: Disclaimer (For first-time use only)

Read through the disclaimer and agree to the terms and conditions.

Step 3: Check scanning requirements

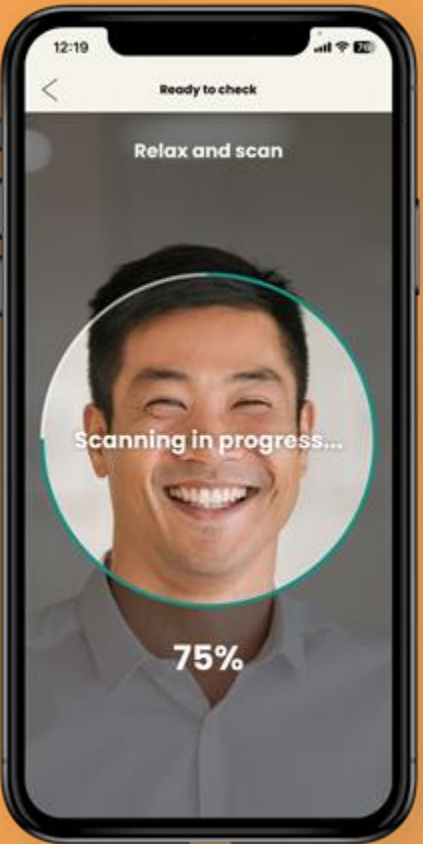

Vital scan

Taking AI-based health scans

Step 4: Stay relaxed for the scan

Wait until the scan is completed.

💡 A scan generally takes just round 30s.

Step 5: Review score

Review your overall health score on the result page.

💡 You can take multiple scans each day ;)

Rescan required!

Please follow the instructions for accurate results:

- Remain calm and at rest
- Scan steadily in a well-lit environment

Note:

Having trouble with your scans? Make sure you have followed and fulfilled the scanning requirements throughout the scan!

Taking AI-based health scans

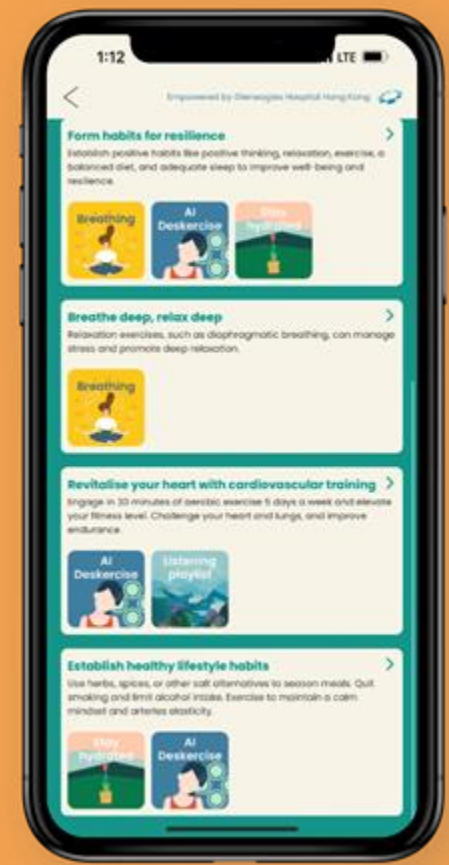

Step 6: Tap on an index to check its definition and trend

A 7-day trend and relevant recommendations will be shown on the index detail page.

Step 7: Check out your personalised recommendations

They will be provided based on your current health condition.

Note:
The 7-day trend retrieves corresponding health records for the last 7 days

If there are fewer than 7 days of records, the average will be calculated based on the available data.

Mindful breathing

Regulate your mind

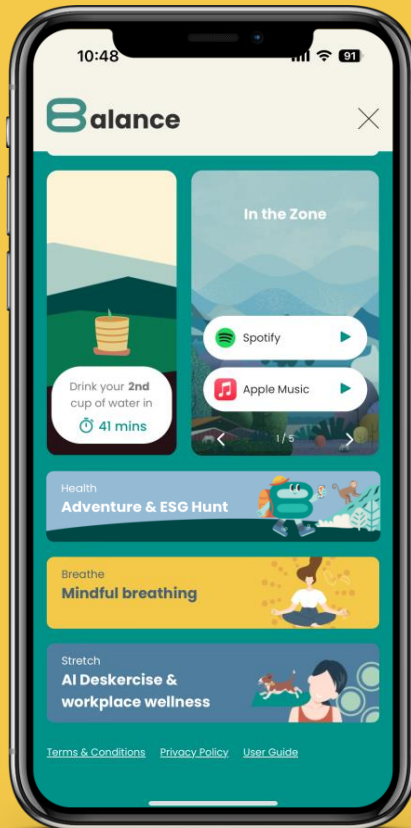

Take deliberate control of your breath to regulate your mind and alleviate stress

Mindful breathing

Regulate your mind

Step 1: Initiate session

Tap **'Practice mindful breathing'** from "Unlock the power of 8alance" homepage.

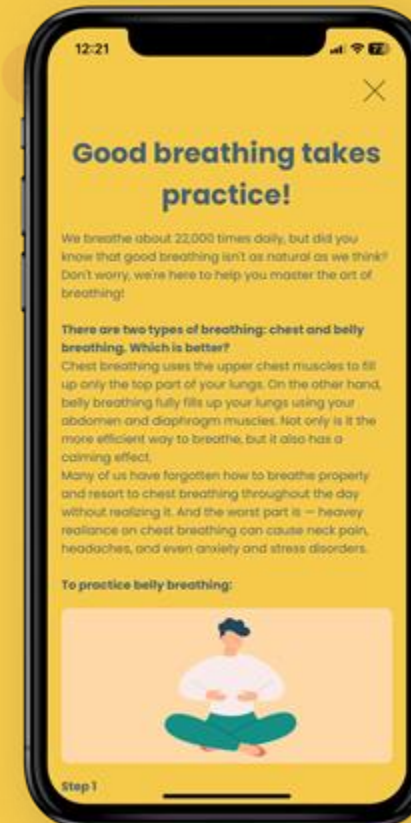

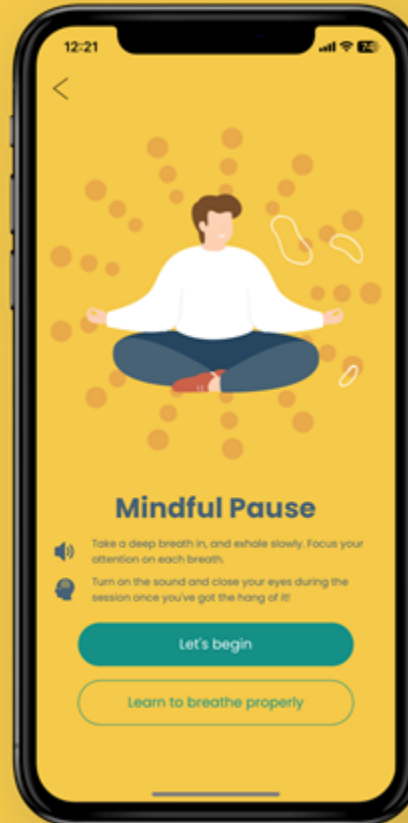

Step 2: To breathe, and to learn to breathe

Click **'Let's begin'** to begin.

Or

Click **'Learn to breathe properly'** to learn more about breathing techniques.

Mindful breathing

Regulate your mind

Step 3: Breathing in progress

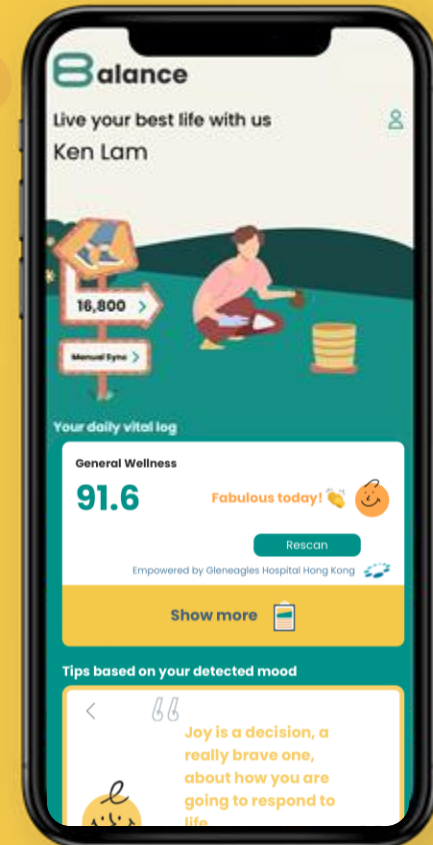

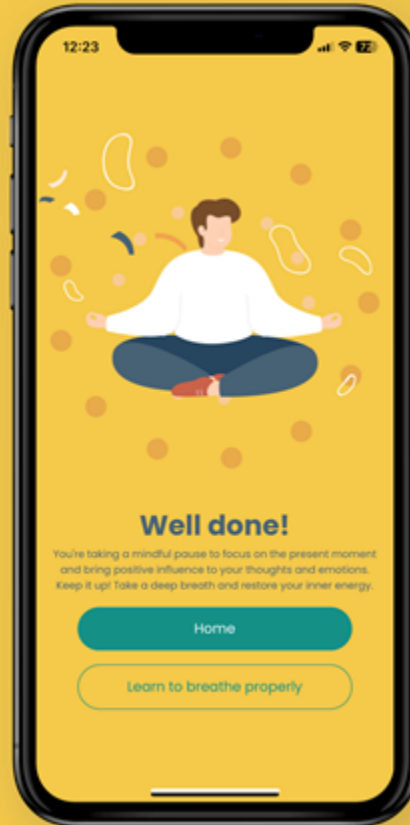

Follow through the instructions.

Step 4: Session completed

Unlock a sticker the first time you have completed a session each day.

Remember to come back every day to get new stickers from time to time!

AI Deckercise

Stretch to de- stress

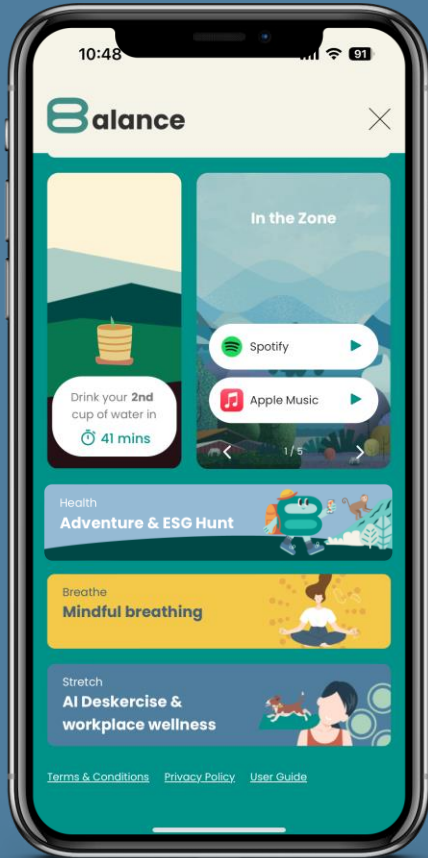

Bid farewell to tight shoulders and neck

Stretch to de-stress

Step 1: Initiate session

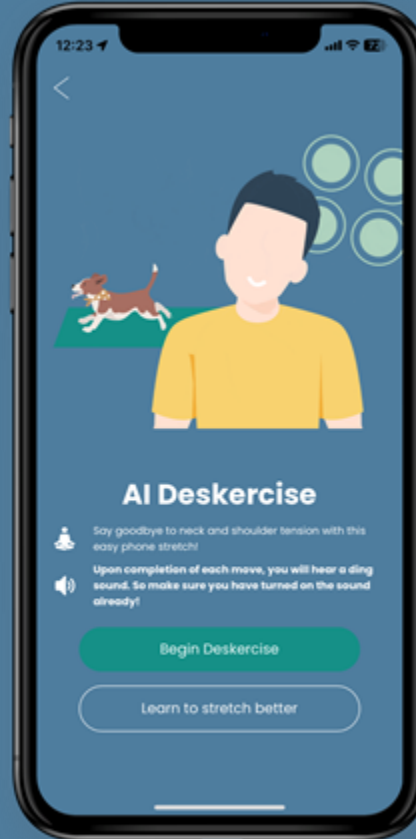

Tap 'AI Deskercise & workplace wellness' from "Unlock the power of Balance" homepage.

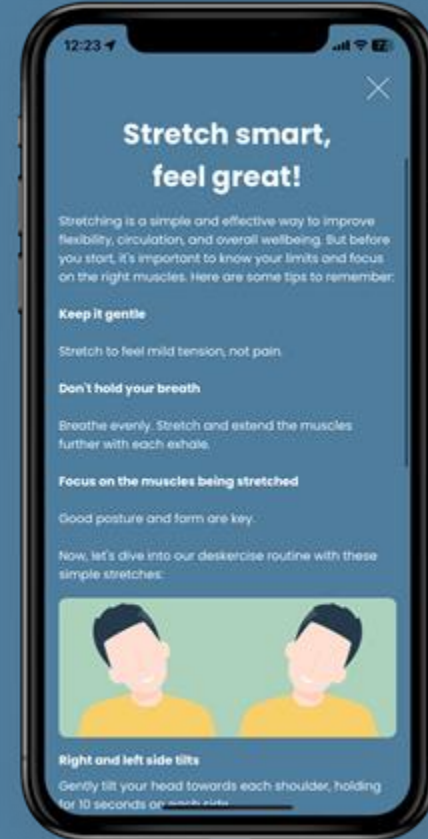

Step 2: Session completed

Click 'Begin Deskercise' to start the practice.

💡 Turn on sound to immerse yourself in the experience.

Click 'Learn to stretch better' to explore the stretch moves in detail.

Stretch to de-stress

Step 3: Stretching in progress

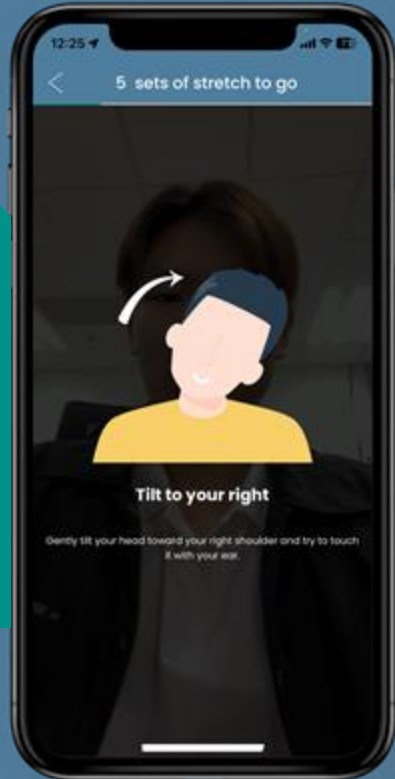

Follow through the instructions. Make sure your head and shoulders are always in the frame!

💡 First-time AI setup may require more time.

Note:

During the game process, please ensure:

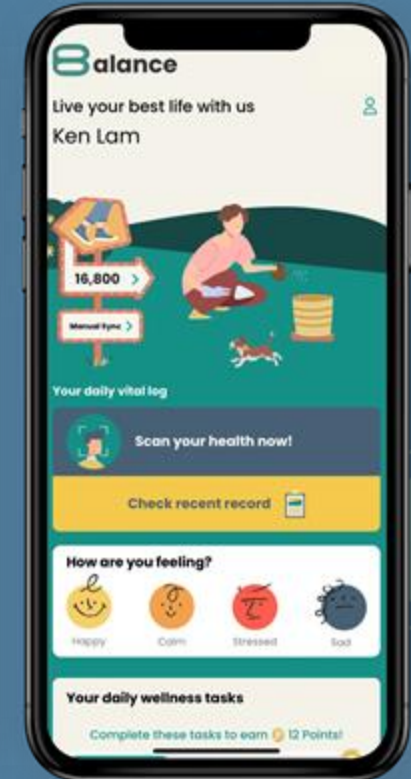

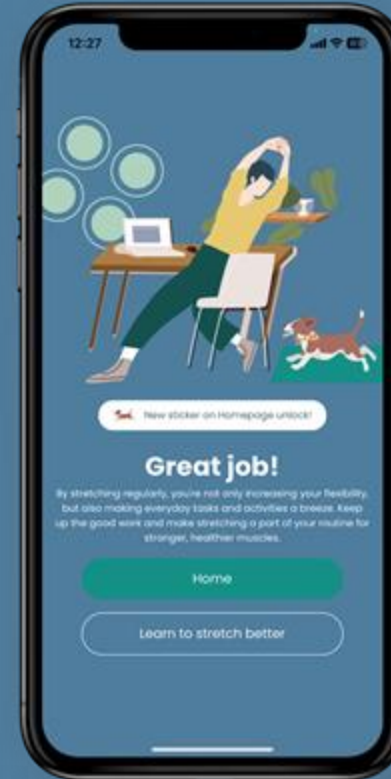

1. The front camera on your device is positioned horizontally at the level of your head and shoulders.
2. Your camera is on a stable and flat surface.

Step 4: Session completed

Unlock a sticker the first time you have completed a session each day.

💡 Remember to come back every day to get new stickers from time to time!

Water tracker

Nourish your body with water

Hydrate your body, just like how you would nurture a flower

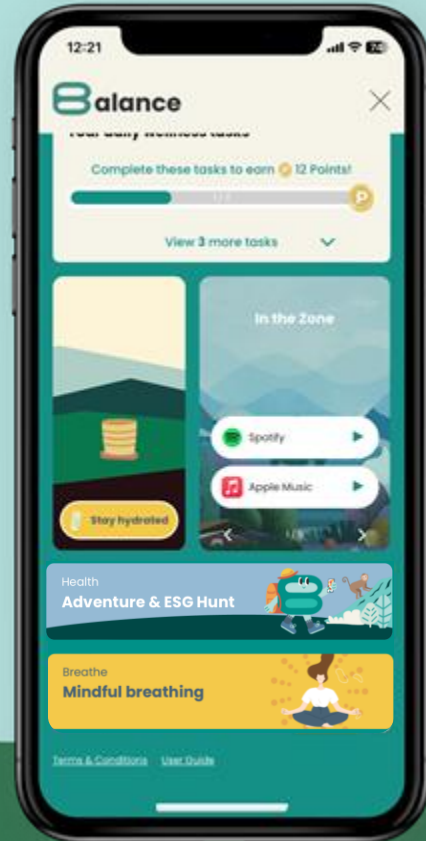

Water tracker

Nourish your body with water

Step 1: Drink water

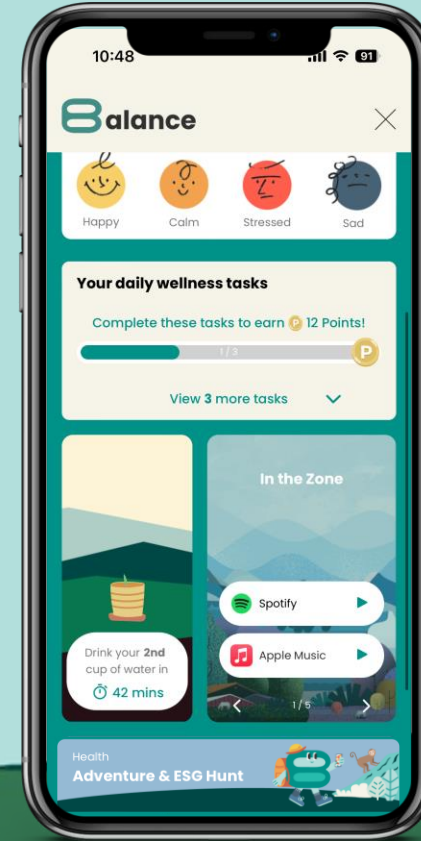

Tap '**Stay hydrated**' to water the plant after you have had your cup of water.

💡 You can only tap the button every 45 minutes, so ensure you are drinking water constantly and consistently!

Step 2: Grow flower

Your flower will grow strong and robust every time when you water it.

Settings

Personalise your experience

From updating your avatar to switching to your preferred language

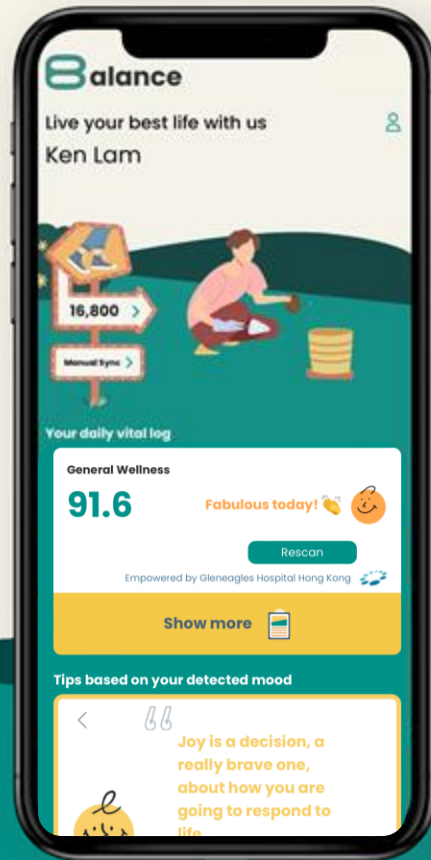

Settings

Personalise your experience

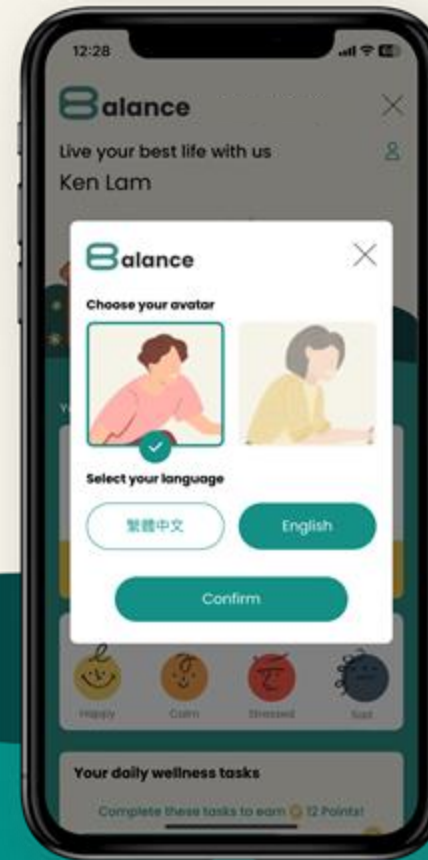

Step 1: Profile setting

Tap on the profile setting icon.

Step 2: Update profile

Change your avatar or language preference.
